HILLDALE WINNER IN SLUGGING BEE

Babb and Gillespie Narberth's Best as Darby Daisies Again Triumph.

FINAL COUNT, 13 TO 16

Emerging from what was first believed to be a shameful downfall Narberth staked the most vigorous comeback ever seen on the local field this season to rally valiantly, but vainly. The Darby Daisies in turn saw piled up the highest score ever marked against them. Again the glorious old last-ditch performance almost played havoc with the invaders, but 1500 fans saw the most marvelous twirler that ever faced the Narberth nine. In Senor Strong the tail-enders found a determined and confident man: determination being half of the battle and confidence the residue. How that darky could sling that pill!

This contest was brimful of features with the bludgeon, afield and on the hill as 3000 optics watched Babb slowly but stubbornly sink in the box. Babb inhaled quite an amount of local breeze as he watched his teammates rally with seven markers in the closing chapter, somewhat paying up for the 20 hits Hilldale garnered off him. It was, as a whole, a pitching contest, but by no means a hurling duel, for Strong was what his name designated; he was robust.

Having played taps with Babb's heaves the rival manager decided to give Strong a little rest and sent in Stevens, pinch-slinger, who was stormed off the mound in the same inning to be replaced by the comical Mackey, formerly of first. It was at the expense of these two impersonators that Narberth made their wonderful rally, romping away with seven hefty bingles, thus giving the tourists something to grunt about.

The fact that the former Harrowgate pitcher walked only three men during this whole combat goes to show what magnificent suport there was afield, Fleck being the outstanding man in center, his sensational catches bringing considerable applause from sidelines.

Like the first meeting Narberth seemed a joke to the invaders. They would scoff at the sight of a Narberth player at the plate, and their confidence in themselves was overwhelming. Seldom did Strong ever have to take in a deep inhaler, his pitching ability being too much for the Narberth nine.

It was a wonderful nightcap slugfest for the fans who assembled from various parts of the Main Line, and even from Darby, the home of the champion colored team of America, who could give many an American and National League team a race for their lives.

All said and done Hilldale played a tune with which the Walzermen could not follow.

Mackey went it three better than in the first encounter, as he assailed Babb for four hits as Strong barely missed five. Briggs, the big gun out in right field, grabbed an extra one as he flogged a double, shot two singles and blasted a triple for four bingles.

Gillespie did all the hard ashtoting for the home nine as he stormed Strong for three vicious clouts. Babb was second leading hitter of the game with two, one off Strong and the other at the expense of Mackey.

PLAN PICNIC

Ardmore and Balcynor Rotary Clubs Plan Outing.

"Fellowship" was the subject of atalk by William T. McIntyre, of Ardmore, at the Bala-Cynwyd-Norberth Rotary Club at its luncheon Tuesday. Mr. McIntyre, a member of the Ardmore Rotary Club, was presented by Fred Walzer, chairman of the fellowship committee. The speaker dwelt on the value of fellowship to Rotary and its possibilities as a means of progress to the organization.

A picnic is planned for the Ardmore and Bala-Cynwyd-Narberth Rotary Clubs on September 19 at Downingtown, Pennsylvania, on the Y. M. C A. grounds.

NEW POST OFFICE TO OPEN MONDAY

Well-Equipped New Structure Will Greatly Increase Efficiency.

ERECTED BY J. P. WHITE

Monday morning, bright and early, the doors of the new post office on Essex avenue a few steps from the corner of Haverford will be opened for business. This building, owned by Joseph P. White and designed by Robert Pollock, of Merion, is the first home of the local post office built expressly for it and the first one which adequately fills the postal needs.

The structure is one story of cement block, with the front of cut stone. A handsome broken pediment enhances the entrance which is flanked on either side by large plate glass windows. On entering one is impressed with the well planned layout. The three windows a large one for parcel post, general delivery and stamps, and money orders face the front of the building. The public lobby, about three times the size of the similar part in the old office, extends around the corner at the left as one enters leading to the postmasters office. The floor of the lobby is a special marble composition known as Terrazo.

One hundred and twenty six new boxes have been added, making the total now 326. Box holders will keep boxes of the same number as before up to 200. Here as in all the equipment, the latest features have been procured. There is a downwards slant to the boxes towards the front, thus preventing mail from slipping out and making it readily observable from the outside.

A notable feature of the new structure is the skylight and ventilator in the roof which floods daylight and fresh air to all parts of the work room. All of the equipment is of the latest and best type-racks, carrier cases, cases for incoming and outgoing mails, receiving and dispatching equipment—all is brand new.

The financial section at the front is screened off from the workroom proper. Included in it is a new Cary safe, guaranteed to be burglar proof. Letter and paper drops are accessibly placed just inside the door. Two bulletin boards for the posting of public notices are found on either wall at the front.

The building is heated by a vapor heating system. An additional convenience is the entrance to the workroom from Essex avenue, which will facilatate the receiving and dispatching of nails.

John Simmons, of 1600 Arch street, Philadelphia, is the builder while much of the work was done by local men through sub-contracts. The fixtures were supplied by the Corbin Cabinet Works of New Britain, Conn., through their local representative E. C. Griswold. The heating system was installed by Maurice Lacey, the electrical work was done by the Narberth Electric Shop, and roofing by John A. Miller.

Contributions of spirituous liquors will be gratefully received by the post office for christening purposes, since their supply was exhausted when the post office truck was baptized.

COMMUNITY CO-OPERATION IS WAY TO PROGRESS AND CONTENTMENT

Local business men and trades people have united behind an appeal to each individual resident of this territory to look over merchandise in local stores before going elsewhere to buy.

"Boost for Narberth," is the slogan that has been hoisted to the masthead by the business men here.

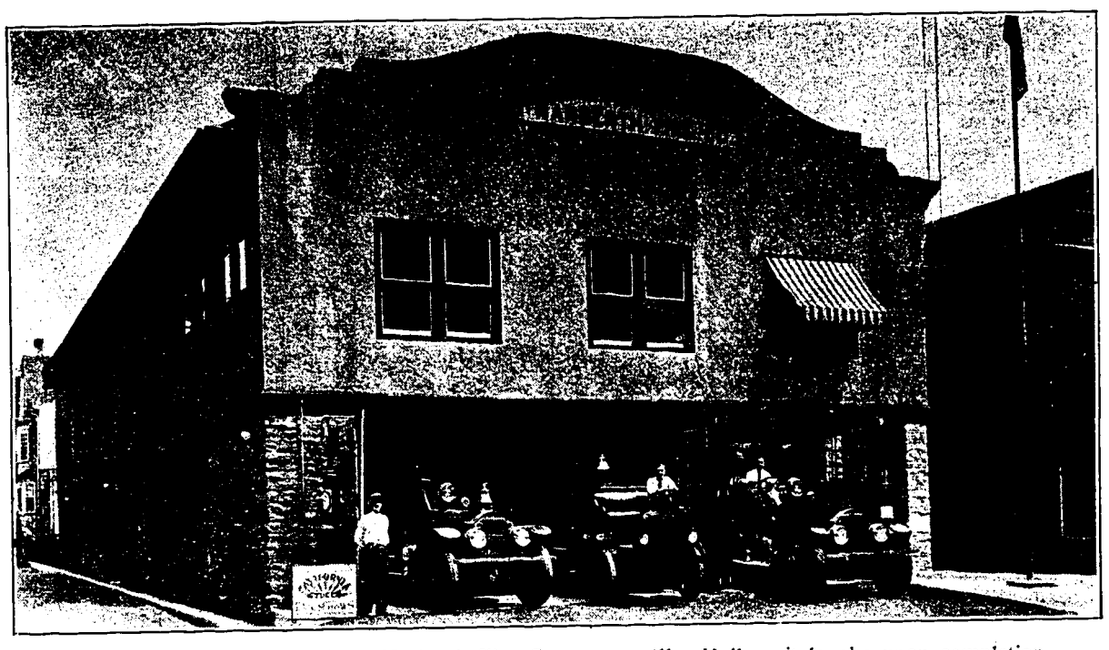
When united help is given to the tradesmen here, the entire community benefits and they in turn build and make possible increased home comforts and valuations, creating better opportunities here for grown-ups and children.

This is your community. No one else will boost it for you. Only the people living in the borough can avail themselves of this community spirit. By boosting your merchants and community you create a prosperous condition.

Remember, your neighbor will take better care of you than the big town stranger. It is his interest to do so. His future depends on winning and holding your confidence and friendship—and he's right here to make good any mistakes.

Fortunes will be spent during the next few months. Why not help your own business institutions grow so that all will share in greater community good-will and prosperity here.

New Elm Hall and Fire House



The reconstructed home of the Narberth Fire Company. Elm Hall as it loooks upon completion. New additions have been made on the front and rear, a swell as extensive alterations to the engine room and other portions of the build'ng. The new Council chamber and office of the superintendent of Public Works now occupying the second floor front of the building.

SCHOOL PREPARING FOR FALL SESSION

Announce Registration Rules and Requirements for New Students.

SUMMER SCHOOL ENDS

The summer session of the borough schools, an innovation this year, ended on Friday, August 10. Nearly 70 pupils availed themselves of this opportunity and 90 per cent. of those in attendance successfully completed the work of the session: five pupils were advanced a grade beyond the grade to which they were promoted in June.

The regular session of the schools begins Monday, September 10. Parents who have children entering either the first grade or the kindergarten should enroll them, if possible, on August 30 and August 31. The school office will be open for registration on these dates, from 9 until 12. All children entering school for the first time should present certificates both of birth and of vaccination. Children whose sixth birthday occurs on or before January 31, 1929, may be entered in the first grade; children whose fifth birthday occurs on or before January 31, 1929 may be entered in the kindergarten.

Children who are unable to report for registration on either August 30 or August 31, will enroll on September 10, at the Community Building for the kindergarten and at the elementary school for first grade.

Pupils who have moved to Narberth from other districts during the summer, and intend to enter either Lower Merion Senior High School or the ninth grade in September, should report at the Narberth school office on August 30 or August 31 with their certificates of promotion.

All pupils who intend to use the busses provided by the Narberth School District for the transportation of pupils to the Lower Merion schools, will send name, residence and the class assigned to at Lower Merion in September. Bus tickets will be mailed to pupils upon receipt of cards.

Reconstructed Elm Hall, Borough and Fire Headquarters, Completed

Like the Phoenix of old which rose from its funeral pyre to a new life, Elm Hall, the home of the Narberth Fire Company and center of borough activities, is entering upon its third reincarnation and a most magnificent one. The finishing touches are now being given to this building, which will be opened for public inspection on Saturday, September 8, from 12 noon to 10 P. M. If one was not very familiar with the old Elm Hall one would look twice before recognizing its bones in this splendid new building.

A fine facade now extends across the entire front of the building, giving it a uniform and dignified appearance. The front "L" has been built out, allowing room for three pieces of apparatus abreast in the engine room and for a wide stairway leading to the second floor. The shingles have been removed from the sides of the building and it has received a coat of stucco, uniformly on all sides in the color Mr. Ford designates as "Arabian Sand." This is no ordinary stucco, either, but a brand known as California Stucco.

The old siren tower, once poised precariously on one corner of the building, was dismantled, the siren being re-erected on a steel tower on the rear roof. Gone, too, is the old council chamber, where, on second Mondays of the month, tobacco smoke hung in clouds and fresh air was unknown. No more will councilmen wake up in the morning with splitting headaches.

In front of the building on the second floor is a splendidly appointed room done in roughened plaster of an old rose color. Here will be the scene of all future councilmanic debates with ample room for Council's "Auxiliary" and visitors.

Elm Hall itself emerges from the chaos in a different location but the same size as before. By the simple device of moving the stage back over the new addition at the rear no space was lost and the hall is decidedly more attractive. The walls are done in a pleasing cream color with the ceiling of a slightly lighter tone. The facilities adjoining the hall could not be surpassed. There are cloak rooms, lavatories, dressing rooms directly off the stage and a kitchen with stairs to the first floor and the outside. The room is plentifully supplied with exits which are conveniently located. An additional feature which should prove valuable is the electric fan ventilating system. By a press of a button large fans in the ceiling are set in motion sucking in fresh air from outside.

COMRADES SOUGHT BY VETERANS' POST

Name Recruiting Committee with William Super as Sergeant.

Members for the new Bala-Cynwyd-Narberth Post of Veterans of Foreign Wars will be sought by that organization, and a recruiting committee, appointed at a meeting held Monday night in the Cynwyd fire house, is making plans for a membership drive before the charter closes.

Application for a charter was made Monday, with names of 16 comrades listed. Acting as temporary officers are Daniel J. Hickey, Cynwyd, Commander, and Frank Lyons, Narberth, adjutant. It was expected that permanent heads for the new post would be elected Monday night, but action was deferred until the next meeting, which will be held Monday, August 27.

William Super, Narberth, was appointed Sergeant of the recruiting committee, and assisting him will be Charles Haywood and Alex Betus, Narberth, and H. H. Sherbondy, Herman P. Dolan and Morris Hoff, of Cynwyd.

Veterans of United States wars who have seen overseas service will be admitted as charter comrades of the post until November 1, when the charter will be closed, according to Commander Hickey. He hopes to form a drum and bugle corps and drill and rifle teams, when a sufficient number of veterans become affiliated.

MANY AT FUNERAL OF COUNTY'S HEAD

Main Line Leaders Attend Services for D. F. Stout Held Yesterday.

Funeral services were held yesterday at Glenside for Daniel F. Stout, president of the Board of Commissioners of Montgomery county, one of the most active Republicans of the Johnson organization, who died suddenly at his home in Glenside shortly before noon Sunday. Officials from Lower Merion and Narberth, from the county in general, and prominent Montgomery and State political leaders were among the hundreds who attended.

Heart disease, for which Mr. Stout had been undergoing treatment for two years, was the cause of death.

Apparently in excellent health, Commissioner Stout left his home Sunday during the morning for a walk. About 11 o'clock he was talking to two friends, John and Thomas Curley, as the trio stood near the Glenside station. He left his companions and went to his home, less than a square distant, where within a few minutes he was stricken with the heart attack. Dr. C. E. Walter, who was called, said that death had resulted quickly.

Often a speaker here at Republican rallies, Mr. Stout was well known to many in Lower Merion and Narberth. He last visited here when he attended the funeral services Monday a week ago of Squire I. Warner Arthur in Ardmore.

COUNCIL TO STOP ALL-DAY PARKING

Zone Includes Essex, Forest, Narberth Avenues Between Haverford-Windsor.

CONCOURSE AVAILABLE

Routine matters took a prominent place at the August meeting of Council last Monday, the end of the summer meetings. The problem of traffic control came in for the greatest share of discussion.

As a means of alleviating congestion on Essex avenue, Forest and Narberth avenues, between Haverford and Windsor, it was decided to prohibit all-day parking on those streets. Inasmuch as the railroad property on the south side of the tracks at the station, known as the concourse by courtesy only, is open for all-day parking for train users, no hardship or inconvenience is foreseen for those who formerly left their cars on the aforementioned streets.

It was also brought out that, due to improvements on the township dump at West Manayunk, which handles all the borough rubbish and ash collections, mixed rubbish and ashes may not be acceptable very much longer to the township. As soon as the borough is notified to that effect it will mean that all rubbish and ashes set out for collection by the borough will have to be in separate containers since they will not be collected in mixed containers or even at the same time for that matter. Rubbish collections will then probably be made at monthly intervals. This is in the nature of an advance warning, so that fewer mixups will result when the separate collections go into effect.

The tax duplicate turned over to the Borough Treasurer, Walton M. Wentz, by Tax Collector Edwin P. Dold, showed the total assessed valuation of borough property to be $4,523,545, which includes an occupation tax of $353,175. The borough tax rate of 20 mills thus makes the total taxes to be collected for 1928 $90,470.90, which is $16,655.38 less than last year, due to the four-mill cut in the borough tax rate, and in spite of the increased valuation of property of $59,955 over last year. Tax exonerations of $461.40 were approved and granted.

Furniture has been ordered from John Wanamaker for the new Council chamber and will doubtless be installed by the September meeting.

The report of the Building Committee showed that 10 building permits had been issued by the Superintendent of Public Works during July at a cost of $45 for operations estimated to cost in the neighborhood of $12,175, chiefly garages and alterations. Sixty-four inspections were made by the building inspector during the month, nine operations being completed.

A resolution was read by the chairman of the Finance Committee, Clarence Kaeber, expressing approval of a proposed amendment to the State Vehicular Code which, if passed by the State Legislature, would mean the turning over a percentage of moneys collected for license and registrations fees to boroughs and municipalities throughout the State in proportion to the number issued therein, this money to be used for street repair work, construction, etc.

A WORD TO THE WISE

Borough authorities have received word from the Lower Merion police department that prowlers are operating in the Main Line section. None have been caught here as yet, but the police request that householders co-operate by locking doors and first-floor windows at night.

Civic Improvements

Monday, August 20, will mark the official opening of the new United States Post Office in Narberth, and the virtual completion of the reconstructed Fire House, Elm Hall. Thus in one week two buildings will be completed which touch the life of the average citizen most closely.

The new post office, made possible through the good offices of Joseph P. White in providing the building, is the first built expressly for postal use in the history of the local office. An attractive and well laid out structure, which will vastly facilitate the work and efficiency of the local force, there is little doubt as to its being an improvement to the community as a whole.

The post office has long languished in shacks and stores, buildings never intended for such a purpose and doubtless never dreamed of by their original occupiers. Now that it has at last come into its own may it reap a fitting reward in greater usefulness.

Elm Hall in its new clothes assumes an appropriate garb for what is the hub of the Borough life. The Fire Company deserves a vote of thanks from every resident of the borough for conceiving and carrying through a plan which provides such an adequate and handsome building. Not only does it meet the needs of the fire company itself by an enlargement of the engine room and a more practical arrangement of equipment, but the borough activities are housed in more elegant fashion than ever before. Furthermore, the portions available to the public, Elm Hall itself and the new hall at the rear of the building, represent an investment in public good will which the fire company was by no means obliged to make.

Long may they prosper!

In Explanation

Lest the parking rule instituted by Council at its August meeting seem somewhat harsh and summary to some users of Essex, Forest and Narberth avenues, between Windsor and Haverford, as all-day storage space we remind said all-day parkers that the streets belong to the borough and it can do as it jolly well pleases with them.

This step, however, was not taken without due forethought on the part of the borough fathers. It will be recalled that the old freight station on the south side was demolished some months ago and the siding tracks removed by the railroad authorities. This made available a large plot of ground adjacent to the station, which has been leveled and cleared off, making it a logical parking space for train users.

The cessation of work on this piece of ground by the railroad is not an indication that nothing more is to be done to it. Rather the railroad wishes it to be used intensively so that its defects may be made evident and so that the ground may have a chance to settle through the winter, and thus by spring, the Pennsy engineers can tell just how it can be developed to make the best possible use of it.

In the meantime it is there to be used. There are no restrictions on the length of time cars can be left there. All-day and all-night parking may be indulged in if car owners so desire.

The convenience of this spot cannot be gainsaid. It may mean a little longer ride for some over the Narberth avenue bridge or under Wynnewood road tunnel and around Elmwood avenue, but it certainly means a shorter walk after leaving the car. A few steps to the platform, and on the right side for trains, too, instead of a walk of two or three blocks.

We Achieve Notoriety

It is not everyone's good fortune to achieve fame. That lady is noted for her capricious character. Some, however, if unable to gain her favor, go to the other extreme, notoriety, a more accessible person.

While not exactly despairing of gaining the fickle lady's favor, we recently had her counterpart thrust upon us. Not without pride do we call our readers attention to The New York Herald-Tribune of August 9, 1928, on whose editorial page Our Town had the honor to be quoted. Not, we modestly admit, in an editorial but in that column entitled The Lanern.

We assume the columnist was poking fun at us since he headed our contribution and another similar one, "These Self-Descriptive Advertisers." To get down to brass tacks our bon mot which the New York paper saw fit to saterize read as follows: "LOST —Long red woman's pocketbook, etc." That really isn't any worse than the other quoted, to wit: "Beautiful gentleman's saddle horse, etc." And if the truth were to out, the Editor discovered the slip, but thought it too choice to deprive our readers of.

And thus we enter the hall of fame!

LETTERS TO EDITOR

A Satisfactory Arrangement.

To the Editor of "Our Town:"

May I use your columns to notify a group of Narberth people of a small financial transaction in which they had a personal interest? Mr. M. C. Peter, jr., who has resided at 233 Forest avenue, for the past six years, has just moved to Louisville, Ky. Mr. Peter was treasurer of the Narberth Street Improvement Association, the organization which actively launched and conducted the successful street paving campaign in the years 1923, 1924 and 1925. Just before leaving, Mr. Peter turned over the treasury of that organization to me and with it the problem of disposing of the remaining balance of $2.40.

I have given that small sum to the Narberth Community Library with the suggestion that they use it, if possible, for the purchase of some book of a civic character. If any one of the several hundred former members of the Street Improvement Association feels dissatisfied with that disposal of the remaining funds, I will personally give him his share of the $2.40, provided he will figure it out and request it of me.

ROBERT FELLOWS WOOD.

DEMOCRATS AHOY!

To the Editor of "Our Town:"

On Wednesday evening, August 22, at 7 o'clock, at Albany, N. Y., Governor Smith will be formally notified of his nomination for President.

The program will be broadcast throughout the nation. On this occasion the voters will have an opportunity to hear the claims and ambitions of the Democratic party set forth by one who has proven to be an honest man and an executive of the greatest ability. Governor Smith has a reputation as a speaker and I feel sure that those who are fortunate enough to tune in and get the Governor's viewpoint will have spent a profitable hour.

For less than the cost of a gallon of "gas" you can make a round trip to that friend who lives twenty miles away.

That's "forty miles to the gallon."

Here's how:

Take a comfortable position near your telephone. Then look up her number in the directory. If it isn't there, ask "Information" for it.

Then—give it to the operator.

In a jiffy you'll be there!

The New Westinghouse Electric Ranges with the Automatic "Flavor Zone" Oven

You never saw the equal of these new electric ranges. Except for setting the clock and the thermometer when you put the food in the oven (cold), you don't have to watch or touch a thing until cooking is completed.

No initial searing is required. No hand adjustments are necessary. No basting to do. No water to add. For "Flavor Zone" cooking is entirely automatic from start to finish and there's no guesswork about results.

YOUR INVESTMENT
You have made your home in this community and are, in a sense, an investor in the welfare of this commonwealth.
The merchants have also invested here, to grow and to help the town grow and thrive.
They are instrumental in bringing to this neighborhood new business that will mean growth and prosperity.
So then, it is a mutual investment between all of us.
You can count on the merchants to uphold their end, but they must have your help—your patronage—in order to make our investment pay.

WHAT WILL THEY DO FOR YOU
If you buy a new suit, or some hardware, or groceries from an outside store, or the mail-order man, do you think those merchants will contribute money towards making your community a better place in which to live?
You know that they will not.
And you know that the money you give them can never be used for the benefit of yourself and your home.
But you do know that money spent in your neighborhood remains in your neighborhood and is used for our own good.
The merchants hereabouts are here as a vital part and factor in the development of this place.

For less than the cost of a gallon of "gas" you can make a round trip to that friend who lives twenty miles away.

That's "forty miles to the gallon."

Here's how:

Take a comfortable position near your telephone. Then look up her number in the directory. If it isn't there, ask "Information" for it.

Then—give it to the operator.

Dr. and Mrs. Wray Hughes Hopkins left yesterday on a 3200-mile motor tour of the Southern and Middle Western States. The principal points of interest scheduled include Lincoln's birthplace at Hodgensville, Ky.; Mammoth Cave and Lincoln's tomb in Springfield, Ohio. They will spend several days in St. Louis before continuing to Davenport, Iowa, where Dr. Hopkins will take a post graduate course at his Alma Mater, The Palmer School of Chiropractic. The return trip will be made via Indianapolis, Columbus, Wheeling and Pittsburgh. They will arrive home September 5.

Mr. Edward Peters, of Woodbine avenue, reports excellent fishing in Beach Haven, N. J., where he goes every week-end to visit his family, who spend their summers there.

Guests of Mr. A. H. Durborow and family this week were Mr. and Mrs. T. M. Malin, Newark, Del., and Mr. and Mrs. Charles H. Durborow and daughters, Margaret and Doris, of Newark, N. J.

Miss Rose Weigel, of Gilpin road, is convalescing from an operation performed recently for mastoids.

Miss Esther M. Durborow left Wednesday to visit her school friend, Miss Adeline Miller, at her cottage, Fairview, Lake Erie. Before returning home Miss Durborow will visit friends in Cleveland and Pittsburgh.

Mrs. Ralph MacGuffin and daughter Peggy, of Chestnut avenue, have returned from Ohio, where they were called by the sudden death of Mrs. MacGuffin's mother, Mrs. R. A. Masterson. Mr. MacGuffin has been with his mother, who is seriously ill, in Libertyville, Ill.

Mr. T. E. Laughlin, of Dudley avenue, left this week to join his family who have been spending the sumer in Maine.

Miss Esther Vixler, of Easton, is visiting Mrs. Jenny A. Griffith, of Dudley avenue.

Mrs. A. H. Durborow, of Elmwood avenue, has returned from a 10 days' visit in State College.

Mrs. Jenny A. Griffith and her mother, Mrs. Applebough, of 107 Dudley avenue, have returned from a week's visit at the home of Mrs. Lloyd S. Vixler, at Easton, Pa.

UNIQUE IDEA

Novel "Cellar Service" Announced by Narberth Coal Co.

The word "service" is a much abused term. Not so, however, in the case of a "cellar service" announced this week by the Narberth Coal Company. This is "Service" with a capital S. It is believed to be a wholly unique and new idea and is so designed that, by subscribing to it en toto, a man is relieved of the necessity of ever visiting his cellar, unless of course, he has private reasons.

"The main feature of this service," Ralph S. Dunne, its promulgator, says, "is the vacum cleaning and painting of the furnace, while care and thoroughness will characterize the work." Allied to this are the other services of painting cellar pipes, whitewashing the cellar, tending of furnaces, ash removal and repairing of coal bins.

THOMAS J. SLAW

Thomas Jefferson Slaw, resident of Lower Merion for over half a century, died Tuesday morning at his home, Monument road north of City Line, Bala, on the farm where for 28 years he had been noted as a forester and vegetable grower. Born November 5, 1850, he was nearly 78 years old at the time of death.

Funeral services are to be held at the home 2.30 P. M. today with interment in West Laurel Hill Cemetery. Surviving their father are the Misses Ethel and Helen Slaw.

Mr. Slaw was born in that part of old Philadelphia known as North Penn Village, the son of William D. Slaw, whose father farmed the land on which Girard College now stands. For over 50 years he lived in Lower Merion, and for part of that time he farmed on the property now owned by the David E. Williams estate, on St. Asaph's road, Bala.

WANTS FATHERS

Egyptian Theater Head Offers Free Admission to Them Tuesday Night.

Admission to the Egyptian Theater, Cynwyd, will be free to all male adults of the Main Line Tuesday night, Manager Joseph Conway announced yesterday. His only requirement is that each man bring some member of his family with him—wife, child, parent, or other member of his household.

This offer on the part of the management was occasioned by the feature film which will be shown Monday, Tuesday and Wednesday of next week. Its title, which Mr. Conway believes should prove of interest to many parents and children here, is "Bringing Up Father."

Summer Savers of Time and Energy

The "dog-days" of August have not been misnamed, but housekeeping routine must go on just the same. Here are three labor-savers which will take the work out of housework for you and help make summer life more comfortable for the whole family.

Hotzone Self-Acting Gas Water Heater

Lots of hot water without any bother—and a special inducement for August. Only $5 down to have one installed (we accept your old water heater as this $5 payment). Balance is payable at the rate of $5 per month. 15-gallon size, connected, is $80. 20-gallon size, connected, is $95. 10% for cash in 30 days.

Special Gas Range Opportunity

Only $1 down puts in your home, ready to use, any cabinet gas range in our stock. Then you enjoy new cooking comforts while paying the balance monthly. Splendid ranges with all the latest improvements. Without oven heat control, $42.75 up; with oven heat control, $54.75 up.

Westinghouse Steamline Electric Iron

A fine electric iron. It will give you years of good service. You may have one for only 50c first payment, and then $1 a month until balance is paid. Price is $6. Special August allowance of $1 on your old iron.

You Can Trust Us in Your Cellar!

We have an idea—and we may as well speak freely—that the man who ENJOYS going to his cellar is the man who has something there that shouldn't be. We have an idea, too, that the man who HATES to go to his cellar is the man who must keep company with coal, ashes, dust, soot and the good old-fashioned coughing spell that often follows. And we have another idea that the business of selling coal (especially Jeddo-Highland Coal) should go a step farther than the business of taking orders and filling them.

Therefore, to the man who goes to his cellar happily or sadly, or who comes out of it with a wet throat or a dry, or who has a cellar at all, we here explain for the first time—

AN INNOVATIONAL CELLAR SERVICE FOR FURNACE-TIRED WETS OR DRYS

1. VACUUM CLEANING AND PAINTING FURNACE.

Clean entire furnace, including smoke pipe and base of chimney, by vacuum process. Paint all exposed parts. (Flat rate charge.)

2. PAINTING PIPES IN CELLAR.

Painting prevents rust, lengthens life and helps to retain heat. (Hourly rate.)

3. WHITEWASHING THE CELLAR.

Cellar cleanliness and health depends on the annual coat of whitewash, properly applied. (Hourly rate.)

4. FURNACE OPERATION.

Our furnace men are trained in their jobs and will produce largest amount of heat from smallest amount of coal. Twice a day schedule, three times a day in severest weather. Ashes removed to curb. (Daily, weekly or monthly rate.)

5. ASH REMOVAL.

Where local authorities do not remove ashes we handle removal. (Weekly or seasonal basis.)

6. REPAIRING COAL BINS.

Will repair or rebuild your coal bin. (Hourly rate plus material.)

Space limitations make this announcement short on detail.

EXPECTS WOMEN TO WAIT

Guild's Hero Leaves Mountain Girl to Search for Life.

"Men's made to leave their women folk, Dena. But they're forever coming back to them." With these words, Waits Lowe, the hero of The Happy Mountain, by Maristan Chapman, left his mountain girl to go outland in search of life. This book which is the August selection of the Literary Guild, is a very charming story with a language of much originality and beauty. Just to read it for the idiom of the mountain folk of Tennessee and for Mrs. Chapman's interpretation of their spirit, is to lose one's self in a delightful atmosphere of simple strength and self-reliance.

It is the story of a mountain lad, who feeling the irresistible urge of spring, leaves home to wander in the neighboring small towns and cities in search of experience. Fall finds him at home again. "I've come full circle," Waits confesses, "and hereafter my shoes are no more swift for roaming."

"John Brown's Body," by Stephen Vincent Benet, a long narrative poem, is the choice of the Book-of-the-Month Club. With the weight that such a selection gives, the literary standing of the author will give the book great popularity.

The Crime Club fans, which include some of the most distinguished people in the world, will be reading this month, "The Man Who Killed Fortescue," by John Stephen Strange. It is seldom necessary to do anything more to encourage the reading of a detective story than to mention its name.

Cotter's Market

CONVENIENT — *CO-OPERATION CUTS COSTS* — FRIENDLY

THE CHAIN STORE IS A NATIONAL CURSE
The system thrives upon driving independents out of business and upon the sweat of poorly paid employees. The pittance saved in trading with these chain stores helps no one in the end. These stores split the nickel, and the splitting is poor bait to the housewife who believes she is cutting down household expenses by dealing with these price cutters. Splitting nickels with a buying public that can afford to pay the whole price, driving wholesalers to the wall who formerly paid decent salaries to employees, wrecking manufacturers who unwisely sold their entire outputs to them, together with their own under-paid employees, all makes for a reduction of community buying power, which seriously affects other lines of trade while filling the maw of the chain store hog.
